Press Release

WARREN OHIO DENTIST BECOMES LUMINEERS® CERTIFIED

Warren, Ohio -- April 7, 2008 -- Dr. Christopher T. Bart, a dentist located at 5153 Mahoning Avenue, recently became certified in the application of Lumineers® by Cerinate®, an alternative to traditional porcelain veneers. Lumineers provide a painless way to permanently whiten, align or repair teeth without altering or losing tooth structure. They are similar in thickness to a contact lens and adhere to your natural teeth with very little to no shaping or grinding. Lumineers are easy to apply, clinically proven to last more than 20 years and usually reversible if desired. Once the Lumineers are applied, no additional work or maintenance is necessary other than your daily dental hygiene. Dr. Bart is currently accepting new patients who are or may be a candidate for Lumineers. He can be reached at 330-847-7333 for an appointment.

Dr. Bart also provides preventive dentistry, restorative dentistry, root canals, oral surgery, periodontics, caps, crowns, bridges, implants, full or partial dentures, bonding, teeth whitening, emergency dental care and welcomes children of all ages. Convenient office hours are available including early morning and evening hour appointments and for more information, please view www.christopherbart.com or email at doctor@christopherbart.com.

Christopher T. Bart D.M.D is a 1989 graduate of the University of Pittsburgh School of Dental Medicine where he received his Doctorate in Dental Medicine. Prior to dental school, he attended Washington and Jefferson College and has completed two residencies after dental school. The first completed residency was in General Practice at Western Reserve Care System in Youngstown and the second in an Anesthesia Program at MetroHealth Medical Center in Cleveland. Dr. Bart is on the active staff at Forum.

He resides in Warren, OH with his wife and two children.
